## Service Cancellation Request

I authorize InnPower Corporation to cancel the hydro service located at the above noted property.

The reason for the cancellation is: \_\_\_\_\_

I understand that cancellation of my service includes the removal of all wire, equipment and hydro meters associated with the account. To reinstate service, a Service Layout would need to be requested through our Engineering Department based on the requirements found on our website [www.innpower.ca](http://www.innpower.ca), and there would be charges for all associated costs for reconnection (ie. wires, equipment, etc...). Cancellations will be completed within 5 business days from date the completed form is received in our office.

If applicable, I authorize InnPower to remove my Sentinel Light.      Yes      No

Note: If you are disconnecting your water/wastewater due to demolition, we will submit a service order to InnServices. You will continue to be charged Base Rates until a Demolition Permit is issued by the Town and InnServices is notified. A Demolition Permit can be obtained through the Town of Innisfil at 705-436-3710.      Yes      No
